

The Black Belt training is based on the Green Belt training and Green Belt builds on Yellow. Can be taken as a single course.

- 1)** Does not count as an optional module on the Green and Black Belt
 - 2)** In the absence of knowledge, the module is mandatory and a purchase on the Green and Black Belt
 - 3)** From Black Belt or the other optional modules
 - 4)** Min. 2 within "Optimization and design" / "Organization and management" and min. 2 within "Statistical optimization"
- If you want a Lean Six Sigma education, you must supplement with both Lean courses: "Lean tools" and "Lean in practice"
